## PORTRAIT SESSIONS

Photographs are MEMORIES to share with everyone.

If you are like most people the photographs of your family and friends are your most treasured possessions. This is especially true if your photographs capture "the real you".

We believe that the best way to accomplish this is in a very relaxed and natural environment. We do not use the traditional corporate style of photography (stiff posing, unnatural smiles, ugly backdrops and props) the one style for everyone philosophy - it just doesn't look real.

Our photography is meant to:

- Be fun, relaxed, and natural
- Capture the best of you, your family, friends and pets
- Provide you with memories to last a life time

As you would expect a high quality product like this will cost more than the average "line them up and click" portrait studios. **Quality demands** that to get the results that we achieve takes a great deal of work from the pre-session preparation, the session itself, and post processing work - to deliver the best product possible. If you are not willing to spend a **little** bit more to get a **lot** better quality on something your family will cherish for a life time - then this is not for you.

## **Poses and Wardrobe**

Our sessions include standing, sitting and floor poses. Your wardrobe should reflect who you are and be something that you feel comfortable in. After all, if you are not comfortable in your clothes, it will show!

We also recommend (although you don't have to) that you bring at least one change of clothes for your session to give some extra variety to your pictures. We will discuss this with you further during your pre-session planning.

## **Delivery:**

Prints included with your package will be delivered within two (2) weeks after you tell us which ones you have selected.

## **Preparation:**

When booking your package we would like to take some time to get to know a little about you and the other people (this includes your pets) that will be attending your session. This helps us to make your session the most memorable it can be.

## **Travel:**

There is no additional charge for sessions within a sixty (60) mile radius of Valencia, CA. For events outside this area, please contact us so that we may discuss reasonable travel and accommodation (if applicable) rates.

We are available to provide coverage of your event anywhere within the Continental US. Please contact us for details.
